E3Live® (Brain On) is 100% Aphanizomenon flos-aquae blue-green algae (AFA for short) that is an all-organic wild-harvested aqua-botanical **considered by renowned health authorities to be nature's most beneficial superfood.**

Physiologically, E3Live® helps restore overall body/mind balance in numerous ways. Its field of action simultaneously includes the immune, endocrine, nervous, gastro-intestinal and cardio-vascular systems.

Nutritionally, E3Live® provides 64 easily absorbed vitamins, minerals and enzymes and has more biologically active chlorophyll than any known food. It is the most nutrient dense food known to mankind.

Truly enhance overall well-being

Usage:

for **Frozen Liquid**

Serving Size: 1 tablespoon. Most people begin at 1 teaspoon a day and work up. No two people are alike. Some people will eat E3Live® in more liberal quantities, even several ounces a day, whenever they need an added boost. Work your way up at your own pace. Trust your intuition. We suggest drinking a few ounces of pure water after each use.
